

**THE GREAT
ADVENTURE**

THE GREAT ADVENTURE

A SHORT RECORD OF THE
WORK OF THE BAILDON
SOLDIERS' AND SAILORS'
COMFORTS FUND COMMITTEE
WITH ROLL OF HONOUR.

ONE SHILLING.

BRADFORD :
CLEGG & SON, LTD., 179, MANCHESTER ROAD.
FEBRUARY, 1918.

FOREWORD.

Of the making of many books there is no end and often no necessity.

It was felt in this instance however, for many reasons, that a book of this kind was both needful and necessary.

Firstly, in order to furnish as complete a list as possible of the names of those residents in our township who were, or are, serving in His Majesty's forces.

Secondly, to give some account of the Baildon Soldiers' and Sailors' Comforts Fund, and thirdly to advertise the Moonlight Bazaar in its aid.

The Fund was inaugurated in 1915 under the genial and enterprising chairmanship of Mr. John Atkinson, whose infectious enthusiasm has ensured a harmonious and hard-working committee and a succession of vigorous and capable secretaries.

The committee comprises representatives from every district in the township whose first duty is to report any additions to the roll of honour.

At the outset, when no one imagined the future magnitude of the great adventure, parcels were despatched through the Co-operative Wholesale Society.

As the number increased rapidly the Committee decided to send direct, and for more than two years each parcel has been packed at the Mechanics' Institute, which the District Council kindly placed at their disposal. Special boxes were made to cover each parcel and scores of busy days spent by the ladies in packing them.

The goods were purchased wholesale through one of the members and much money has been saved by judicious anticipation of requirements and rise in prices. There

have been no expenses of management beyond one or two small items in the early days, since when all charges have been met by the Chairman and Committee.

More than £1,500 have been collected from various sources, and a delightful feature of the labour of love has been the ready response to appeals in many directions

The art of giving and the spirit of sacrifice have been a great encouragement in the work.

4,500 parcels have been despatched up to the end of 1917. Each batch has been different in some respect from its predecessor and the contents have been most varied.

Cigarettes (250,000), Socks (1700), Cakes and Pies (1350), Fruit (2500), Sardines, etc. (2500), Tea and Cocoa Tablets (1500), Health Salts (800), in addition to Oxo, Milk, Cream, Tobacco, Chocolate, Toffee, Handkerchiefs, Buttons, Soap, Insect Powder, Stationery, Pencils, Cookers, Postal Orders, etc.

The Christmas parcel last year contained Plum Cake (2lbs.), Biscuits (1lb.), Sausages, Pilchards, Toffee, Candles and Socks, a greeting card from the residents of Baildon and a letter from a child at school. 262 of these were sent at a cost of just over ten shillings each.

To those further afield than France (83), a Treasury Note for 10/- was sent with greeting and letter, whilst those still in Britain received a P.O. value 7/6. The latter numbered 238, making a grand total of 583, the whole cost of which was over £250.

In addition to these, donations are sent to all Prisoners of War funds that minister to prisoners from Baildon.

Many charming replies have been received by the writers of the children's letters, some from officers who greatly appreciated the kind thought and wrote delightful letters of thanks that will be treasured by the recipients for all time.

The gratitude of our representatives at the front is great and amply repays all the labour expended. Their cheer-

fulness and altruism are beyond praise and afford an object lesson to many of us at home.

The spirit is typified in a letter from one of our nurses in France who had to stay in bed a few days against her wish and did not enjoy being a patient. "It's so funny," she said, "receiving instead of giving," which, after all, is the only view of life worth having, and one of the redeeming features of the present ghastly turmoil. The outlook of our men at the front has been broadened and has affected us at home, as is evidenced by the vast efforts that so many are making for others.

There is not room to enumerate the varied methods that have been adopted to procure the necessary funds for the work.

Everyone knows of the successful public functions that have been held ; but not everyone of the good that has been done by stealth : of the repeated generous contributions of a few who wish to be nameless, but who, nevertheless, we take this opportunity of thanking along with all who have helped in any way to smooth the path of our friends in khaki.

In connection with the present ambitious scheme to raise £1000 by means of the Moonlight Bazaar, we are grateful to the directors of the Picture House for their consideration in the loan of the whole of their premises and staff, and to the Shipley Glen Ratepayers and Property-owners Association for their generous offer to defray the whole of the expenses which will amount to £70. This enables us to obtain exemption from the entertainment tax and its consequent worry.

Surprise has been expressed in some quarters at our request for £1000, in view of an early termination of the war.

Our hope is that none of it may be needed for its former purpose, but that we may be able to form the nucleus of a fund for the help of those, who, when peace is declared,

return to us in shattered health and in need of all our kindness and consideration.

As some of our most regular benefactors desire to remain anonymous we have been reluctantly compelled to refrain from publishing a balance sheet, but, as a Society registered under the War Charities Act, our accounts are regularly audited by a chartered accountant and are open for inspection at the offices of the Baildon Urban District Council.
